

time period or harvest limit determined by the Board to be necessary under the circumstances. In any event, a temporary opening or closure will not extend longer than the end of the current regulatory cycle.

(c) The Board may reject a request for either an emergency or a temporary special action if the Board concludes that there are no time-sensitive circumstances necessitating a regulatory change before the next regular proposal cycle. However, a special action request that has been rejected for this reason may be deferred, if appropriate and after consultation with the proponent, for consideration during the next regular proposal cycle. The Board will consider changes to customary and traditional use determinations in subpart C of this part only during the regular proposal cycle.

(d) The Board will provide notice of all regulatory changes adopted via special action by posting the change on the Office of Subsistence Management Web site (<http://alaska.fws.gov/asm/index.cfm>). When appropriate, notice may also include distribution of press releases to newspapers, local radio stations, and local contacts, as well as direct notification to the proponent and interested parties. The Board will publish notice and reasons justifying the special action in the FEDERAL REGISTER as soon as practicable.

(e) The decision of the Board on any proposed special action will constitute its final administrative action.

(f) Regulations authorizing any individual agency to implement closures or restrictions on public lands managed by the agency remain unaffected by the regulations in this part.

(g) Fish and wildlife may not be taken in violation of any restriction, closure, or change authorized by the Board.

§ 100.20 Request for reconsideration.

(a) Regulations in subparts C and D of this part published in the FEDERAL REGISTER are subject to requests for reconsideration.

(b) Any aggrieved person may file a request for reconsideration with the Board.

(c) To file a request for reconsideration, you must notify the Board in writing within sixty (60) days of the effective date or date of publication of the notice, whichever is earlier, for which reconsideration is requested.

(d) It is your responsibility to provide the Board with sufficient narrative evidence and argument to show why the action by the Board should be reconsidered. The Board will accept a request for reconsideration only if it is based upon information not previously considered by the Board, demonstrates that the existing information used by the Board is incorrect, or demonstrates that the Board's interpretation of information, applicable law, or regulation is in error or contrary to existing law. You must include the following information in your request for reconsideration:

- (1) Your name, and mailing address;
- (2) The action which you request be reconsidered and the date of FEDERAL REGISTER publication of that action;
- (3) A detailed statement of how you are adversely affected by the action;
- (4) A detailed statement of the facts of the dispute, the issues raised by the request, and specific references to any law, regulation, or policy that you believe to be violated and your reason for such allegation;
- (5) A statement of how you would like the action changed.

(e) Upon receipt of a request for reconsideration, the Board shall transmit a copy of such request to any appropriate Regional Council and the Alaska Department of Fish and Game (ADFG) for review and recommendation. The Board shall consider any Regional Council and ADFG recommendations in making a final decision.

(f) If the request is justified, the Board shall implement a final decision on a request for reconsideration after compliance with 5 U.S.C. 551-559 (APA).

(g) If the request is denied, the decision of the Board represents the final administrative action.
